Inside the Rise of Agentic AI Why Red Teaming Matters More Than Ever in 2026

CareerXperts works closely with AI startups such as **StraikerAI**, **AI Strike**, **Tuskira**, **Truedax**, **Quilr**, and many more—supporting critical AI security roles as Agentic AI moves into real-world adoption in India, positioning Indian talent at the forefront of building, securing, and scaling autonomous AI systems.

From Software Engineer to AI Engineer: The Shift You Can't Ignore

Software engineering is evolving fast – clean code isn't enough. AI fluency is now essential.

* AI-Ready Software Engineer

Engineers must know AI basics, models, pipelines, APIs, and ethics to build adaptive applications.

* AI/MLOps Engineer

Ensures AI systems run reliably in production through deployment, monitoring, versioning, and retraining pipelines.

* AI Security Engineer

Protects AI systems from data poisoning, model theft, and adversarial attacks, making security mission-critical as AI adoption grows.

CX 2.0 – Our Journey Expands in Two Locations

Our new offices at **Brigade Twin Towers**, Yeshwantpur and **Arvind Edge**, Nagasandra are designed to empower our teams and strengthen our commitment to clients, combining modern workspaces, vibrant collaboration zones, and seamless accessibility to inspire innovation, ideation, and impactful solutions.

Safety Engineers Architects of a Safer 2026

In 2026, safety engineering moves beyond compliance into design thinking and leadership. Talent that anticipates risk, embeds technology, and shapes safer outcomes will define responsible nation-building.

Welcoming Ravindra Nayak – General Manager, Operations

Joining us after a highly successful tenure at Software AG, Ravindra brings deep experience from his role as Senior Director, where he managed operations end-to-end with strong rigor. His ability to oversee complex processes at a granular level, while maintaining strategic control, reflects the operational depth and leadership maturity he adds to CareerXperts.

The Journey Toward True Career Longevity

At CareerXperts, our work is rooted in career longevity. Through **CareerTalks**, we offer honest, **Deep Career Conversations**, helping professionals gain clarity, adapt with confidence, and build careers that last, not just progress.

“Longevity in a career is not about speed – it’s about depth, focus, and integrity”

Cheers to the Years!

Two Decades. One Trusted Name in CX: Rajeshwari

For two decades, she has stood as a pillar of CX – earning trust through consistency, judgment, and a management style every client wants to work with.

Himanshu: 4 Years of Outstanding Contribution

Demonstrating ownership, initiative, and unwavering drive, making meaningful contributions across every function.

Building Awareness. Creating Accountability. Driving POSH Compliance.

CareerXperts conducted a POSH training session focused on clarity around responsibilities, boundaries, and reporting mechanisms. The discussion encouraged openness, reinforced mutual respect, and strengthened confidence in creating a safe and professional workplace.

Envisioning 2026: Powering Tomorrow’s Teams

We’re building CareerXperts with clear intent, moving toward a **1,000+people organization** and creating opportunities across levels, functions, and industries. As client confidence grows, our focus remains on scaling thoughtfully–building capability, judgment, & ownership, not just headcount.

This growth is guided by purpose.

“Talent for Nationhood” is a responsibility we carry to shape meaningful careers, support businesses, and contribute, in real ways, to the economy. We’re here to be part of that larger story.

“You’re not just recruiting employees, you’re sowing the seeds of your reputation.”

Forging the Future: 2026

In 2025, we united with titans like Postman, Tuskira, Uniphore, AStrike, Straiker, ZeroCater, Truedax, Maieutic, Quicken, Equal Experts, MasterControl et al. to engineer elite, high-impact squads.

As 2026 unfolds: We are conquering new territories, igniting over **125+ elite** roles Revolutionizing agile and contractual talent models Our mission is absolute. Forge teams that endure. Scale careers that soar.
